## END-USER SOFTWARE LICENSE AGREEMENT AND LIMITED WARRANTY (Rev 09/2025)

### DEFINITIONS

- The term "Software" as used in this agreement means all the computer programs and data contained in this software product package, together with any updates subsequently supplied by T-Cubed Systems.
- The term "User's Manual" as used in this agreement means all of the printed materials and electronic documentation provided in this package or later supplied by T-Cubed Systems for use with the Software.
- The term "You" as used in this agreement means the original purchaser or any transferee.
- The term "Single-User License" as used in this agreement means a node-locked license that may only be used on a single machine at a time, and that may not be installed and used on a network or any other computer system that allows simultaneous use by multiple users.
- The term "Multi-User License" as used in this agreement means a floating license that may be installed and used on multiple machines by multiple users; the number of concurrent users is limited to the number of license seats that you have purchased.
- The term "Subscription" as used in this agreement is defined and explained in the SUBSCRIPTION section below.

### LICENSE TYPES

The Software is available in two license type versions: Single-User License, or Multi-User License. Various items in this agreement might apply to only one or the other of these license types: they will be labeled accordingly.

### SUBSCRIPTION

A currently valid Subscription is required to use the Software. Your initial purchase of the Software license includes a 2-year Subscription. When your initial 2-year Subscription expires, you must purchase a series of 1-year Subscription renewals to keep using the Software. The Software will notify you when your Subscription is approaching expiration. During the time periods that you have a valid Subscription, you may use the Software, download any updates to the Software that are released, and get technical support for the Software.

### PERMITTED USES

T-Cubed Systems retains title to the Software and User's Manual.

This license gives you certain rights to use the Software and User's Manual.

All rights not specifically granted in this license are reserved by T-Cubed Systems.

- (Single-User License Only): You may use the Software node-locked license on a single machine at a time.
- (Multi-User License Only): You may use the Software floating license on multiple machines with multiple users; the number of concurrent users is limited to the number of license seats that you have purchased.
- (Multi-User License Only): You may use the Software floating license with virtual systems such as a virtual machine, virtual desktop, virtual server, or similar technologies; the number of concurrent users is limited to the number of license seats that you have purchased.
- You may transfer this license by transferring a copy of this license agreement with a complete, unaltered copy of the Software and the User's Manual, provided all other copies of the Software and the User's Manual are destroyed.

### RESTRICTIONS

- (Single-User License Only): You may not use the Software node-locked license on any computer system that allows simultaneous use by multiple users, or with virtual systems such as a virtual machine, virtual desktop, virtual server, or similar technologies.
- You may not rent, lease, lend, sublicense, resell, or distribute the Software.
- You may not modify, decompile, disassemble, or reverse engineer the Software.
- You may not copy the appearance or expression of the Software user interface in the creation of any other program.
- You may not make any attempt to unlock or bypass any license protection system used in the Software.
- You may not remove or obscure the T-Cubed Systems copyright and trademark notices.

The prevailing party in any action brought in connection with an alleged breach of the above restrictions shall be awarded reasonable attorneys' fees and court costs.

### DURATION

This license agreement is effective from the day you install or use the Software, until terminated. Any breach of this agreement by you will cause the immediate termination of this license, and you will be required to return the Software, User's Manual, and all copies of each to T-Cubed Systems.

## WARRANTY

You will be entitled to the benefits of this warranty if you have a currently valid Subscription.

T-Cubed Systems warrants that the Software will operate in accordance with the User's Manual when used on computers for which it was designed. If you are a registered user and report an error in the Software, T-Cubed Systems will suggest a work-around to the problem, or attempt to correct the error and send you a corrective update at no charge. There are no other remedies for breach of this warranty.

T-CUBED SYSTEMS MAKES NO OTHER WARRANTY, EXPRESS, IMPLIED, OR STATUTORY. Specifically, we make no warranty that the Software is fit for a particular purpose. You must assume all risks related to the use of the Software, and you are advised to test the Software thoroughly before relying on it. T-Cubed Systems will not be liable for special, incidental, consequential, indirect or other similar damages. In no event will our total liability for any damages to you or any other person ever exceed the license fee for the Software. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion of incidental or consequential damages, so some of the above may not apply to you.

## HIGH RISK USE

The Software is not designed or intended to be used for analysis of products used in hazardous environments requiring fail-safe performance, including, without limitation, in the operation of nuclear or chemical facilities, mass transportation systems, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application where failure or fault of any kind of the Software could lead to death, personal injury, or severe physical, property, or environmental damage ("High Risk Use"). T-Cubed Systems expressly disclaims any express or implied warranty of fitness for High Risk Use.

## U.S. GOVERNMENT RESTRICTED RIGHTS LEGEND

The Software and User's Manual have been developed exclusively at private expense and are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, or their successor provisions, as applicable. Any use, modification, duplication, reproduction, release, performance, display, disclosure, distribution, or transfer of the Software and User's Manual by the United States Government is restricted and shall be governed solely by the terms of this license agreement.

## EXPORT RESTRICTIONS

The Software and User's Manual are subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the Software and User's Manual. These laws include restrictions on destinations, end users, and end uses. For more details, see <http://www.t-cubed.com/orderintl.htm>.
