DEMO SOFTWARE LICENSE AGREEMENT AND LIMITED WARRANTY (Rev 08/2015)

DEFINITIONS

The term "Software" as used in this agreement means all the demonstration computer programs and data contained in the demo package, together with any documentation for using the computer programs and data.

The term "You" as used in this agreement means any user of the Software.

PERMITTED USES

T-Cubed Systems retains title to the Software. This license gives you certain rights to use the Software. All rights not specifically granted in this license are reserved by T-Cubed Systems.

You may:

- Use the Software on any computer or computers for demonstration and evaluation purposes.
- Make any number of copies of the Software.
- Transfer copies of the Software to any party, if you include a copy of this license agreement.

USES NOT PERMITTED

You may not:

- Modify, decompile, disassemble, or reverse engineer the computer programs.
- Copy the appearance or expression of the user interface in the creation of any other program.
- Remove or obscure the T-Cubed Systems copyright and trademark notices.

The prevailing party in any action brought in connection with an alleged breach of the above restrictions shall be awarded reasonable attorneys' fees and court costs.

DURATION

This license agreement is effective from the day you install or use the Software, until terminated. Any breach of this agreement by you will cause the immediate termination of this license, and you will be required to return all copies of the Software to T-Cubed Systems.

WARRANTY

This demo version of the Software is supplied to you at no charge, for demonstration and evaluation purposes only, and has some functional restrictions. The Software is provided "as is", without warranty of any kind.

T-CUBED SYSTEMS MAKES NO WARRANTY, EXPRESS, IMPLIED, OR STATUTORY. Specifically, we make no warranty that the Software is fit for a particular purpose. You must assume all risks related to the use of the Software, and you are advised to test the Software thoroughly before relying on it. T-Cubed Systems will not be liable for special, incidental, consequential, indirect or other similar damages. In no event will our total liability for any damages to you or any other person ever exceed the license fee for the Software. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion of incidental or consequential damages, so some of the above may not apply to you.

HIGH RISK USE

The Software is not designed or intended to be used for analysis of products used in hazardous environments requiring fail-safe performance, including, without limitation, in the operation of nuclear or chemical facilities, mass transportation systems, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application where failure or fault of any kind of the Software could lead to death, personal injury, or severe physical, property, or environmental damage ("High Risk Use"). T-Cubed Systems expressly disclaims any express or implied warranty of fitness for High Risk Use.

U.S. GOVERNMENT RESTRICTED RIGHTS LEGEND

The Software has been developed exclusively at private expense and is deemed to be "commercial computer software" and "commercial computer software documentation", pursuant to DFAR Section 227.7202 and FAR Section 12.212, or their successor provisions, as applicable. Any use, modification, duplication, reproduction, release, performance, display, disclosure, distribution, or transfer of the Software by the United States Government is restricted and shall be governed solely by the terms of this license agreement.

EXPORT RESTRICTIONS

The Software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the Software. These laws include restrictions on destinations, end users, and end uses. For more details, see <http://www.t-cubed.com/orderintl.htm>.
